

Tile Choice is a family-run business that direct imports and sells tiles. We aim to provide a sustainable and satisfactory service for customers and anyone who is interested in our products. Our goods are made from environmentally friendly sources and all of our tiling is not harmful towards the New Zealand ecosystem.

Tile Choice is named from the fact that we strive to provide a variety of quality tiles that you can choose from comfortably. It is run by family and a few close friends that have been united by the goal to make tiles and flooring easily accessible to Aucklanders. Before Tile Choice officially had premises, we were a travelling business that imported tiles between overseas and New Zealand.

We believe that the art of good tiling is hard to master, but beautiful in its own way; this is represented in our logo of different quadrilaterals that fit perfectly together into a geometric pattern.
